Freedom and Accessibility for All

Freedom and Accessibility for All

Kolt Access and Lift is committed to providing the highest quality products and services that fit your accessibility needs.

We offer a free expert evaluation of your home or place of business in order to ensure that you receive the right equipment and installation. With over 30 years of experience, we can assess your situation and create a cost effective, safe and proper solution to your access problems.

We are licensed and insured and practice all safety measures at our work sites.

Our experts will be available after installation for training, service and maintenance for you and your equipment.
